Description

Situated between Gevrey-Chambertin and Chambolle-Musigny, Morey-Saint-Denis has no need to be jealous of its neighbours seeing that it is one of the most highly-esteemed communes of the Côte de Nuits. The parcels of Grands and Premiers Crus lie on the middle of the slope. The commune has no less than 22 Premiers Crus to its name, the most reputable of these being the "Clos des Ormes", located to the North of the appellation with a perfect Easterly exposure which allows it to benefit from the first rays of sunshine. The name "Clos des Ormes" is related to the presence of remarkable elm, trees that can reach 20-30 feet tall, but now endangered.
